Scientific 2-Day Conference
Innovative Minimally Invasive Surgery
Transforaminal Endoscopic Spine Discectomy under local anesthesia and sedation
Saturday October 31st & Sunday November 1st 2015
Convention Center, European Inter Balkan Medical Center

European Inter Balkan Medical Center is a Reference Center, according to Joimax GmbΗ (Germany), for the training of SE Europe doctors in Transforaminal Endoscopic Discectomy method for the treatment of intervertebral disc hernia.

Under the auspices of

Program

Saturday 31.10.2015

10:00 - 10:20 Registration

10:20 - 10:30 Opening Speech of executive administration officer of Interbalkan Medical Center

1ST ROUND TABLE SESSION

Chairs: Vladimir Stavrev, Konstantinos Kazakos

10:30 - 11:00 The MIS techniques in Orthopaedics
Lecturer: Nikolaos Laliotis

11:00 - 11:30 Retrospective review of endoscopic spinal surgery
Lecturer: Georgios Mpakaloudis

2ND ROUND TABLE SESSION

Chairs: Antonios Drevelengas, Saieh Fares

11:30-12:00 Radiologic imaging of disc hernias of the lumbar spine - classification - Radioanatomy of the foramen
Lecturer: Konstantinos Natsis

12:00-12:30 Lunch Break

13:30-14:00 The technological evolution of endoscope equipment in Spinal Surgery - TESSYS Technique
Lecturer: Athanasios Papavasiliou

14:00-14:30 Anaesthesiologist approach of transformalendoscopic lumbar discectomy under analgesia
Lecturer: Panagiotis Theodosiades

14:30-15:00 Indications-Centralizations-advantages and tips of the technique step-by-step - comparison of endoscopic discectomy and microdiscectomy
Lecturer: Stylianos Kapetanakis

15:00-15:20 Animation-Video of a live surgery of endoscopic transformalendoscopic discectomy
Lecturer: Stylianos Kapetanakis

15:20-15:40 Videoconference regarding the TESSYS Technique

Sunday 1.11.2015 (Invitation required)

10:00-11:00 Short tour in the facilities of Interbalkan Medical Center

11:00-12:30 Live surgery TESSYS Technique lumbar discectomy

12:30-13:30 Round table overall experience
Chair: Stylianos Kaptanakis

List of faculty, lecturers and session chairpersons

Assist. Prof. Nikolaos Anastasopoulos, MD, PhD
Anatomy Dept. Medical School, Orthopaedics, Medical School, Aristotle University of Thessaloniki

Prof. Fani Anthisanadou-Piperopoulos, MD, PhD
Paediatric-Neurology Dep., Medical School , Aristotle University of Thessaloniki, Scientific Director of European Interbalkan Medical Center, Thessaloniki

Danae Chourmouzi, MD, PhD
Consultant radiologist, Head of Magnetic Ressonance Imaging Department at European Interbalkan Medical Center, Thessaloniki

Prof. Antonios Drevelangkas, MD, PhD
Radiology Dept, Medical School Aristotle University of Thessaloniki, Head of radiology Dept, Interbalkan Medical Center, President of Scientific Board of European-Interbalkan Medical Center, Thessaloniki

Prof. Saieh Fares, MD, PhD
Orthopaedic surgeon, Orthopaedics Dept., Medical School, Aristotle University of Thessaloniki

Prof. Konstantinos Kazakos, MD, PhD
Orthopaedic surgeon, Orthopaedics Dept. Medical School of Alexandroupolis, Democritus University of Thrace

Senior Lecturer, Stylianos Kaptanakis, MD, PhD
Orthopaedic spine surgeon, Anatomy Dept., Medical School of Alexandroupolis, Democritus University of Thrace

Senior Lecturer, Athanasios Papavasiliou, MD, PhD
Orthopaedic surgeon, Department of Physical education and sports science, Aristotle University of Thessaloniki

Dimitrios Karataglis, MD, PhD
Orthopeadic surgeon

Asist. Prof. Nikolaos Laliotis, MD, MCh Orth, PhD
Orthopeadic surgeon, Orthopaedics Dept., Child Orthopaedic, Medical School, Aristotle University of Thessaloniki

Nikolaos Mpakaloudis, MD, PhD
Orthopedic surgeon, Chief Guarnieri Hospital-Rome Istituto Ortopedico Rizzoli, Bologna, Italy

Prof. Konstantinos Natsis, MD, PhD
Orthopaedic surgeon, Anatomy Dept. Medical School, Aristotle University of Thessaloniki

Papadopoulou Paresi
Unit Head nurse at European Interbalkan Medical Center, Thessaloniki

Konstantinos Poulis, PT, OMT
Physiotherapist, Instructor-General Secretary of Association of Manipulative Physiotherapists of Greece (AMPG)

Vasiliki Simoglou
Unit Head nurse at European Interbalkan Medical Center, Thessaloniki

Prof. Vladimir Stavrev, MD, PhD, DMSc.
Head Dept. Orthopaedics and Traumatology Medical School: Plovdiv, Bulgaria

Panagiotis Theodosiadis, MD, PhD
Anaesthesiologist, Head of pain treatment Dept. at European Interbalkan Medical Center, Thessaloniki

Dear Colleagues,

It is our pleasure to welcome you to the 2-Day Scientific Conference: Transforaminal Endoscopic Spine discectomy under local anesthesia and sedation, which is taking place on the 31st of October and 1st of November in the Convention Center of European Interbalkan Medical Center, in Thessaloniki, Greece.

It is very important for us to organize and to participate in this First Minimally Invasive Spine Endoscopy Conference in Greece and our hope and aspiration is that European Interbalkan Medical Center will become the First Endoscopic Spine Training Center of South Eastern Europe.

In recent years, minimally invasive techniques are increasingly used, in order to offer the best possible treatment to the patient. Transforaminal endoscopic spinal surgery is one of the most innovative, efficient and less traumatic procedures, for the disc hernias and foraminal stenoses.

This scientific conference is targetted to all health care professionals and physicians, who would like to be up-to-date regarding the transforaminal endoscopic spinal operations, step by step analyzing in depth the capabilities and the limitations of the technique.

Been aware of your keen interest in surgical innovation, we wish to thank you in advance for attending the conference.

Yours Sincerely,

President of the Conference Scientific Committee
